

The Christie Education Centre Brochure

Education Centre

Welcome

The Christie Education Centre was opened formally on 9th October 2001 by Professor Sir Martin Harris, Vice Chancellor of the University of Manchester. The centre is a highly regarded venue for national and international study days and conferences.

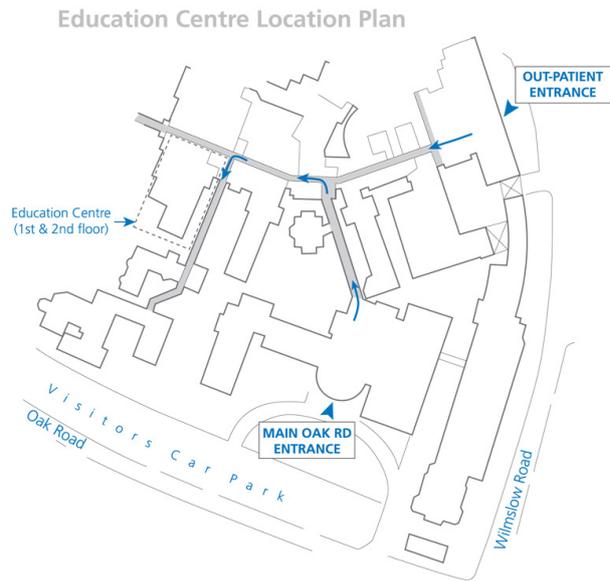

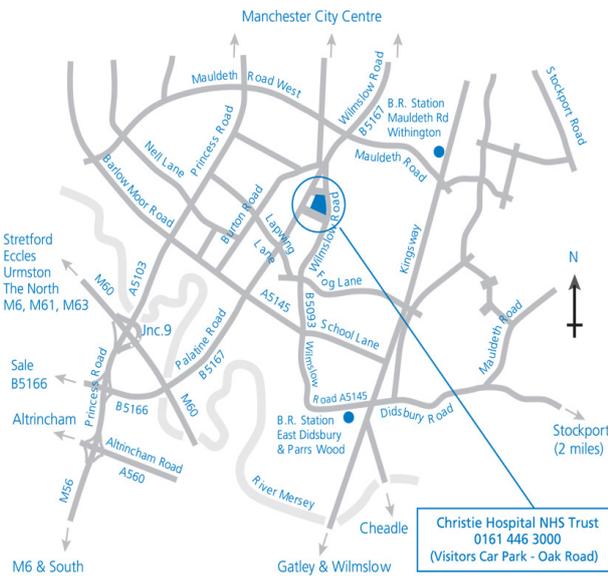

In 2013, the Education Centre was refurbished expanding the foyer area and adding additional seminar rooms. Offering a high standard of service and facilities, the Education Centre represents the perfect modern learning environment hosting over 5,000 bookings a year in Manchester.

Facilities:

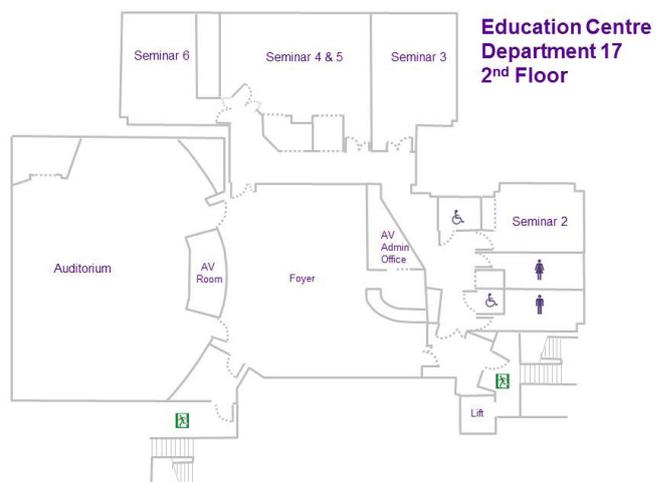

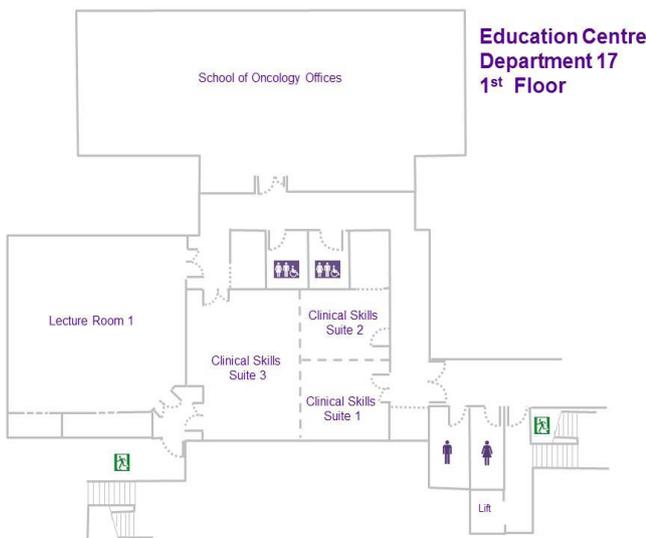

- Auditorium for large conferences
- Ubcast lecture capture recording software
- Interactive hand-held voting system
- Free visitor Wi-Fi
- Seminar rooms equipped with a desktop computer and screens
- Catering provided upon request
- Disabled access and facilities

Technical Assistance

We provide technical support for all meetings that are held in the Education Centre. Whether it's a small board meeting or a conference in our Auditorium, we aim to make every event a success.

Conferences in the Auditorium are operated by our highly trained technicians. We provide seamless transitions between presentations using remote access software, monitor the sound system and control the lighting to suit.

We also provide a recording service for conferences and events in the Auditorium at additional charge. This includes a recording of each speaker and their slides edited and put into a format of your choice.

We also offer an audience voting system with your events so your delegates can participate in quizzes, debates and opinion polls.
